LAUNCH OF THE CARIBBEAN INDEX

[PORT OF SPAIN, TRINIDAD] — The Regional Index was launched at our TTSE 40th Anniversary Conference "Leveraging the Capital Markets to Enhance the Economic Potential of the Caribbean" on the 21st October, 2022 at the Hyatt Regency Hotel.

The launch of this Caribbean Index, which is a collaborative effort among the five regional stock exchanges namely, Jamaica, Barbados, The Eastern Caribbean, Guyana and Trinidad and Tobago, intends to provide all investors both regionally and internationally with an indicator of the performance of the Caribbean Region.

It consolidates the activity of the main market stocks across the different exchanges into a single unit of measurement which can be tracked and monitored.

The Caribbean Index would be available on all partnering exchanges.
